8. Contact details and additional information

01. eMobility Expo World Congress 2024

In a time when the world is facing challenges marked by geopolitical shifts and economic turbulence, eMobility Expo World Congress returns as a beacon of progress, positioning itself as the driving appointment to the development of the eMobility sector in shaping the sustainability of transportation.

The EU has a variety of strategies in place to meet the sustainability goals for the continent that are related to the mobility

sector. However, recent global economic and political developments have had an impact on this strategy, and economic inflation in Europe has changed the way some industries operate.

To analyse this paradigm shift and anticipate the future, but also to discover the new developments in sustainable mobility that will define the future of the industry, eMobility Expo World Congress is back.

eMobility 2024 in a nutshell

We believe that true transformation in the eMobility sector can only be achieved through collective efforts. Public and private organizations, industry leaders, innovators, and policymakers will come together to share their insights, experiences, and best solutions for the sustainability of the industry.

At eMobility Expo World Congress, witness the latest innovations and advancements

in sustainable vehicles, micro mobility solutions, logistics practices, maritime transport, air mobility, smart urban mobility systems, rail and bus networks, and clean energy technologies. Immerse yourself in a comprehensive showcase that unites these sectors under one roof, illustrating their collective impact on shaping the sustainable future of transportation of people and goods.

02. eMobility Startup Forum

The eMobility Startup Forum 2024 is open to international startups who bring new inspiring and disruptive ideas, technologies, initiatives, sustainable solutions, management models, and especially success stories and projects that help the mobility sector to meet climate change demands and boost competitiveness within the framework of eMobility Expo World Congress 2024 with the aim of:

- **Improve productivity with a focus on sustainability**
- **Develop sustainable industries, regions, and cities**
- **Generate future-oriented models**
- **Extend the capabilities and usefulness of mobility products**

The needs of the mobility sector have increased, and it is one of the main focuses in recent years, which has favored the emergence of new forms of business, and numerous new technology-based companies that are providing new solutions. The eMobility Startup Forum brings together business leaders in the sector, potential partners, investors and entrepreneurs so that they can share their innovative solutions, establish synergies and develop the most disruptive projects applied to the Mobility sector.

The eMobility Startup Forum is looking for disruptive projects that impact the Mobility sector based on technologies such as Artificial Intelligence, Digital Twin, IoT, Blockchain, Big Data & Analytics, Cybersecurity, Industrial Cloud, Machine Learning, etc. If you have innovative solutions, you can present your project in front of the main leading companies in the sector, potential partners, and specialized investors. Are you one of them? Participate in our forum and present your solution.

The eMobility Startup Forum is an opportunity for:

- Present your company, your products or services to a specialized international audience in Pitch Elevator format.
- Connect with the Global Innovation System of the eMobility.
- Find partners to develop your project.
- Be a direct candidate to participate in the eMobility Innovation Awards.
- Have the opportunity to exhibit your startup in the eMobility exhibition area and to showcase your product/service with very very special rates.
- You can win the prize of participating as a finalist in the Industry Forum vertical of eMobility & Smart Cities that takes place during the [Digital Enterprise Show](#) from 11-13 June 2024 in FYCMA Malaga.

MAIN VERTICAL FORUMS

Technologies

- Artificial Intelligence
- Digital Twin
- IoT
- Blockchain
- Big Data & Analytics
- Cybersecurity
- Industrial Cloud
- Machine Learning

03. Who can participate?

If you are a startup and you have innovative solutions in any of the above sectors and technologies you can participate in the eMobility Startup Forum.

04. How to submit your startup. Deadlines

[All projects must be submitted through the official platform, which you can access by clicking here.](#)

Once submitted, the organizers will verify if the proposal has been sent correctly and the project has been accepted. A Committee of Experts will evaluate the projects submitted and select those that meet the established requirements.

Only selected projects will be able to participate in the eMobility Startup Forum within the framework of eMobility Expo World Congress 2024 (13-15 February 2024).

Dates to keep in mind:

- Proposals due: **21st January 2024**, at 23:59:59 CET.
- Selected proposals notification acceptance communications: from 22nd January 2024 onwards.

Submit your startup

05. Intellectual and Industrial Property Rights

If the proposal is selected to participate in the eMobility Startup Forum, you authorize the Organization to publish those data that are considered public: name of the company, brief description of the project, professional contact. I declare that the information entered in the platform for registration in the Forum does not violate any contract or rights with third parties, including patents, copyrights, industrial secrets, trademarks or other confidential information.

06. Data Protection

eMobility Expo World Congress 2024 undertakes to maintain the confidentiality of the proposals received and the companies or authors and only will share them with **eMobility Expo World Congress 2024** Steering Committee members.

Once the proposal has been selected, **eMobility Expo World Congress 2024** organization may consider publish any details such as: author, company/organization, title, brief, abstract, website, and/or topic, in those channels and means that **eMobility World Congress 2024** uses for its promotion (website, social nets, visitor guide, etc.).

For the purposes of the provisions in current legislation on data protection (Regulation EU 2016/679 of the European Parliament and of the Council of 27 April 2016 -GDPR-), we inform you that **eMobility Expo World Congress 2024** will process all your data in accordance with the provisions of its Privacy Policy, where you could be able to exercise the rights that this norm confers.
